

Bad Cop

Garcia is a whip-smart rookie to the sunny, wealthy Palm Shades precinct and its his first week on the job. His partner is Mills, a jacked up hedonist who gets results but doesnt believe the law applies to him. They corner a young thief and Mills decides to prove just how willing he is to put his selfish desires above his duty. How far will the idealistic rookie be drawn into Mills dark web? This is is a 5600 word story featuring a threesome, oral sex, blackmail and a young mans first time. EXCERPT: Got a good one for you, Garcia. Garcia is just watching the woman pass like their patrol is just a lazy Sunday drive. Whats that? Alright, so, we get two girls just off the boulevard there. Two blondes. Got a call from one of the boutiques that one of these stupid little girls just tried to rip them off using a stolen credit card. Some Gucci shit these two knew they couldnt afford. Anyway, so, me and my partner arrive on the scene, real professional, we just take the girls away. Garcias not sure where this storys going but he humors his partner with a nod. Weve got em in the back of the squad car and were taking it real slow back to the lockup, and were just asking em questions like you do. Where are you from, why arent you guys in school, that kind of thing. And theyre being real coy. So you know what one of them says? No. What? If you let us go, you can fuck us. I love when the young, dumb ones pull that, its like catnip.
