

Learning to Please Bundle

When it comes to the art of sexual pleasure, older is better. Confidence, control, and experience make these men objects of desire, and these three young women will go to any length to learn how to please hard and without protection! Includes: **THE BABYSITTER NEXT DOOR:** Andrew Duncan lives a quiet life in a quiet neighborhood, but when a new family moves in next door, his life is turned upside down! Megan isn't shy about what she likes, and what she likes is a babysitting job at the Duncan household. But is it only a job she's after, or is this sexy girl-next-door vibe a cover to get to Andrew? You'll just have to read to find out! **TEACHERS NAUGHTY PET:** Marc Malone bumps into a beautiful student on his way to class, and his cynical outlook on teaching changes forever. Tess is smart, innocent and beautiful, and she's eager to learn all she can about chemistry. Staying late after school, and doing extra work isn't enough to get Mr. Malone to notice this teacher's pet though. Frustrated with the little progress she's made, she's going to have to perform the ultimate experiment to see: Is it brains or beauty that will help win her man? **HOLIDAY FUN: FLIRTING WITH FIRE:** Jake and Beth must keep their budding relationship under wraps at a family wedding. Repelled by his cold shoulder, Beth turns to a new stud on the scene: a fire eater at the hotel's luau. His powerful performance reignites her arousal. When a late night stroll on the beach brings her to this native Hawaiian's secret spot, the sparks are sure to fly! Note: This 12,600+ word bundle is full of hot sizzling sex between two consenting adults and is only for those 18 and over. Enjoy!
