

Step Wager (Step Taboo Erotic Romance)

Bethany is home from boarding school and she's learned a few things in getting ready for college. One of those things is how to play poker and win. So when she makes a bet against the hot, alpha man of the house that raised her, he never stood a chance. That's why she made sure the stakes were high. She was betting her very innocence, something she'd been anxious to lose for a while. And he was just the man to take it. Hard. Fast. And without any protection. Because when you play the dirty games that Bethany has in mind, you never want to play them safe!
