

The Fertility Bundle

Everything she had said up to that point was a lie and it became clear that she had ulterior motives with me. I couldn't trust her, but I couldn't resist her either. Here are three sexy books from Tiffany Madison's collection, all of them featuring some of the sexiest and most fertile girls imaginable. Enter the world of a foreign exchange student, who has a very interesting encounter with her host family. Step into the shoes of a library assistant, who finally gets what she's been wanting. And take a ride with the best friend's little sister, who wants a baby more than anything, but isn't willing to tell anybody her little secret. Every single one of these stories ends with a twist. My Buddys Fertile Sister My best friend, Steven, and I were throwing a party to celebrate his new job. When Steven tells me that his little sister, Jenny, may be coming to the party, I can't help but to be excited. I hadn't seen Jenny since we were kids and I couldn't wait to see how she had turned out. Things get interesting, though, when she shows up to the party and starts flirting with me. It turns out, that she likes the man that I have become. Can I possibly resist the temptation of this beautiful young girl? Will I have my way with Jenny, even if it means risking my friendship with Steven?

This 6500 word story features a man in his mid-30s being seduced by a seemingly innocent 18 year old girl. Our Fertile Foreign Exchange Student My wife and daughter had decided that it would be a good idea to let a foreign exchange student come and live with us. Trading my daughter for some other girl for six months? It sounded like a crazy idea to me, too. Things get even crazier than I can imagine, though, when Veronica actually shows up at our doorstep. She's 18 and gorgeous and comes all the way from Spain. From the moment we interact, I notice just how flirty she is. However, her flirtation turns to manipulation when

Veronica starts to threaten me if I don't show her a good time. She asks me to have my way with her hard and without protection and tells me that if I don't, then she'll lie and tell my wife that I had been a very naughty man who tried to sleep with her. How far will I go to keep Veronica quiet? Will I give her what she wants in order to keep my marriage intact? This 7500 word story features a beautiful 18 year old Spanish girl seducing a handsome and muscular man. It finishes off with a very surprising turn of events. The Fertile Library Assistant I was revisiting the old library that I used to go to when I was a kid. Being a 32 year old man, it was strange going back to a place of my youth.

I thought it was going to be a simple trip down memory lane, but things take a turn for the better when I meet Emily, the librarians assistant. She has no clue how beautiful she is and everything I say to her makes her seem nervous and blush. One day, I turn down an aisle to see her nose deep in romance, sex and pregnancy books. She looks completely embarrassed when she realizes that I've caught her, but in that moment, it becomes clear that she's attracted to me. When Ms. Thompson, the librarian, comes by to close up the library, Emily hides me in the corner and tells her that she wants to stay for a while to finish reading a good book. Ms. Thompson agrees, just as long as Emily agrees to lock up for her. With the entire place to ourselves, I may have a hard time resisting Emily's temptations. Will I have my way with Emily and give this young and beautiful girl what she is seeking in her romance books? This 7500 word story features a gorgeous and completely innocent 18 year old girl being seduced by a handsome and muscular man who is 15 years older. It finishes off with a surprising twist.
