

# How To Clean Green - Keep Your House Sparkling Clean and Toxin Free! (Eco Planet Series Book 2)

Learn how to have a clean and environmentally friendly house, quickly and easily! All of us want to live in clean surroundings, but we don't want to sacrifice the environment when doing so. This publication can be your guide in helping you to clean your home properly and to do so in an environmentally friendly way. You will find that it is a constant companion that helps you to keep your home clean and your family healthy. Throughout the pages of this publication, you will find what is needed to clean your home and to do it without harsh and harmful chemicals. From learning about the benefits of green cleaning to learning how to clean specific parts of the home organically, it will all be discussed in great detail. You also enjoy learning about the following subjects, which are discussed in detail as well:

- Introduction to clean and Green Housing
- Are you ready to clean your home organically and keep your family safe? This chapter can get you started properly!
- The Benefits of Green Cleaning There are many benefits to cleaning your home in an environmentally friendly manner, and this chapter will introduce you to those benefits.
- Buying the Right Cleaning Products Although there are many cleaning chemicals available on the market, not all of them are environmentally friendly. This chapter teaches you how to make the right choice.
- Making Your Own Cleaning Products If you truly want to know what is cleaning your home, you will make your own cleaning products. This chapter teaches you how to do so using many ingredients that may be available in your home now.
- Developing Healthy Cleaning Habits If you want to clean your home in the best way, you will want to develop these healthy cleaning habits.
- Cleaning Your Kitchen The kitchen is the focal point of the home and it is an area that must be cleaned properly for the health of your family.
- Cleaning Your Bathrooms

Keeping the bathrooms clean is a regular and routine process. When you use organic cleaning products, your bathroom will be both clean and safe. Cleaning Your Living Room Dont allow harsh chemicals to poison the living area of your home. Clean the home in this way and your entire family will be healthy. Cleaning Your Windows and Walls Use organic products on the walls and windows to keep them spotlessly clean without harsh chemicals. Outdoor Cleaning There are options for cleaning outdoors that can be used in an environmentally friendly manner. Making Lifestyle Changes Adopt these lifestyle changes for a clean and healthy household. And much, much more Your family deserves to live a happy and healthy life, and it is your responsibility to provide a safe and clean home for them. By cleaning the home organically, using effective and environmentally friendly products, you will find that you are taking a large leap forward into a clean and green home environment. Download this publication today and begin cleaning your home organically now!
