

Rigid Training Regime from Femdom Mistress: Eric Blue LLC (Scars of the Whip Training Book 9)

: After an argument with my wife about my conduct as a loving and obedient husband, we did a Google search for a nearby training facility from which we could get some help. As soon as the initial interview with my wife was completed it was decided I would be enrolled in the institutes training camp. The training camp was very harsh and most of the males got punishment during training as well as a progress evaluation each week. I found my wife had established so much training that I just had to escape. I started looking for a way to get away from the training camp, but there was tall electrified fencing with razor wire all around the complete school and punishment facility.
