These stories continue the artistic change to a more dramatic tone, better aligning the series to the hit Saturday morning animated series then on the air. The emphasis is on the chaos that ensues in the wake of a cataclysmic earthquake, with Robotnik trying to cope with the compromised security of Robotropolis and continue his reign of terror. An even greater threat looms with the rise of Mecha Sonic during the epic Mecha Madness story arc, which leads to court martial proceedings for wrongfully accused Sonic! Stories include: The Day Robotropolis Fell and Bunnies Worst Nightmare (issue #37), The Rise of Robotropolis... The Fall of Sonic and Bedtime Tails (issue #38), Rage Against the Machine (issue #39), and Court Martial (issue #40).
