

Colby Velocity (The Colby Agency Book 40)

Former Equalizer Leland Rocky Rockford did not have a problem working with Colby Agent Kendra Todd. As far as he was concerned, partnering with her was one of the benefits of their agencies merger. Something about her calm and composed air made him want to ruffle her feathers until they were assigned to a murder case. Fully in professional mode, Rocky was willing to do whatever necessary to support Kendra and keep her safe. But as the case started cracking, so did the walls around her guarded heart. Now, with questions and the bodies piling up, they must outmaneuver the shadowy element that not only wants them to fail, but wants them dead.
