

Unfolding

I didnt want to do this, in the middle of the restaurant, but there was nothing I could do. My body wasnt under my own control and my response was involuntary, my thighs beginning to quiver, my breath coming faster. ----- FROM NEW YORK TIMES BESTSELLING & AWARD WINNING AUTHOR SELENA KITT ----- Charlie is just an average womanmother, wife, teacherliving an ordinary life in a typical American suburb, and she isnt complaining. She loves her husband, Jack, and their children, and wouldnt ask for more even if she could. But Charlie discovers something has been missing. Something secret. Forbidden. Something that turns their intimate life from a mundane distraction into a mind-blowing, transcendent experience. This is the story of a womans exquisite unfolding, as her discovery and yearning for something more pushes her marriage to the edge, testing boundaries and forcing her to surrender to something much deeper than herself.

5 days ago Definition of unfold for English Language Learners. : to spread or cause (something) to spread or straighten out from a folded position. : to happen as time passes. : to be told or made known.Unfolding is a library to create interactive maps and geovisualizations in Processing and Its really easy to make your own interactive maps using Unfolding.Define unfold (verb) and get synonyms.
