18+ content warning! Nupo the goblin girl doesn't like it when she's forced to explore the ancient lair of a dragon. Her arrogant human master may be used to doing what he wants with her body but inside the dragons dungeon they will meet both fair elven princesses and their dragon guardians who've been in magic slumber for 150 years. And when they wake their appetites need to be satisfied by whatever man, woman or beast aroused them. Waking a sleeping dragon could get them eaten, but not in the way that they think!
